EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Joshua Isenberg on 12/05/2007.
3. The application has been amended as follows:
 - (a) As to claim 21, line 9, delete "transiting signals" and replace it with --transmitting signals--.
 - (b) Cancel claim 45.
 - (c) As to claim 46, line 1, delete "process condition monitoring device of claim 45" and replace it with --monitoring device of claim 21--.

Amendment (a) is necessary for correcting a spelling error. Amendment (b) is necessary to overcome a "duplicate claims" objection. Amendment (c) is necessary to overcome dependency on a cancelled claim.

REASONS FOR ALLOWANCE

4. Claims 21-25, 27-36, 46 and 55-69 are allowed.

5. The following is an examiner's statement of reasons for allowance:

(a) As to independent claims 21 and 55, note is made of the limitation "in the first position the electronics module is above or below the substrate, and in the second position the electronics module and the substrate are displaced from each other such that the first and the second perimeters do not intersect" in combination with the rest of the limitations in the claims.

(b) The closest reference Lauf et al. (US Patent 5,969,639 henceforth "Lauf") discloses a similar invention as set forth in the Office Action mailed on 08/22/2007.

However, Lauf does not disclose or provide motivation for "first position" and "second position" as specifically defined in the claims.

(c) Therefore, the prior art does not disclose or provide motivation to combine the above-mentioned limitation in combination with the rest of the limitations in claim 21 and 55.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
